Lance, my love... Farewell...
Lillian!
Lillian! Where are you going?!

Lillian, come back!
Wakes up
I dreamt of you again. Are you urging me to continu...?

Come in.

Lance, rest for a while; have a drink.

Julian... Do you think I will succeed next time?
You will succeed, definitely.
Even if we fall we can still attempt it again
...Yes, we do not lack time. We can still try again

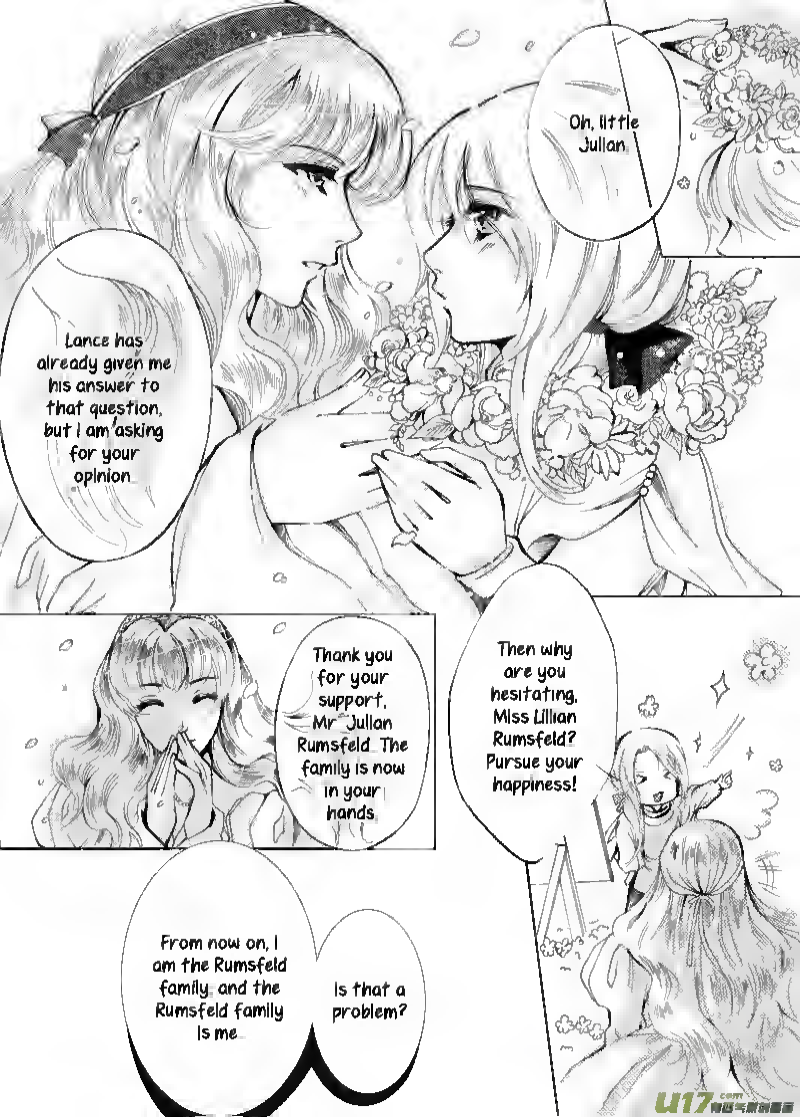
ENOUGH! I'VE BEEN HEARING THE SAME THING FOR CENTURIES!
clap
Lance, you are being restless...
HOW CAN I NOT BE?
LOOK! LOOK AT WHAT LILLIAN HAS BECOME!
SHE'S HARDLY ANY DIFFERENT FROM A CORPSE!

I AM EDGING CLOSE TO INSANITY; DO YOU UNDER-STAND?
LOOK AT OUR LIVES NOW!
Lance, it is alright. As long as we find the other half of the scroll
HIDING IN THIS MANSION WITHOUT A SINGLE SOUL! LIVING WITH NO ONE BUT COWARDLY NOBLES, AND PUPPET-LIKE SERVANTS!
We can restore her back to whom she was before, warm, sweet, happy, bright...

...My apologies, Julian. I lost my composure. You are correct, we still have hope.
I have prepared this drink for you, perhaps you will find some comfort in it.
You should rest for a while now. It will be dawn soon.

Sister, your death_ Took everything away.

Julian, what do you think of Lance?
Oh, little gentleman, don't be so acute.
What do you want to ask, sister?
Whether he is suitable as my brother in law? Or whether he loves you?
The first question you should ask yourself. The latter you should ask Lance.
For me you are both the most important people in my life.
I only wish for both of you to be happy.



Oh, little Julian.
Lance has already given me his answer to that question, but I am asking for your opinion.
Thank you for your support, Mr. Julian Rumsfeld. The family is now in your hands.
Then why are you hesitating, Miss Lillian Rumsfeld? Pursue your happiness!
From now on, I am the Rumsfeld family, and the Rumsfeld family is me.
Is that a problem?

Lance! You came back? How was the harvest this year?
It's good God has blessed us
Little Julian do not worry about such matters Just take good care of your paintbrush.
So here you are, Julian. The butler said you wanted to see me?

Lance, I have a gift for you.
Drag
Pull off
It's wonderful. Thank you, Julian. I love it.
You will take good care of her, right?

MA-MASTER JULIAN!
Dash
Of course, I will take care of her for the rest of my life, just as I have been doing so far.

What's the matter?
Could it be...?
Dash
MASTER JULIAN! PLEASE STOP MASTER LANCE, HURRY!
To be continued.

Miss Lillian has been unconscious for a few days now. She was coughing before_

Why did you not tell me before? Why? I should not have left you.

We all believed that she was only suffering from her illness. We had no idea that she had started to cough blood. She even hid it from me...

As long as I can find the Elixir that restores life...
Others were conquered by time,
But only Lillian remained with time.

How many hundredths is this one?

Just like how I never counted the years I spent,

Continuous failure for years made me anxious, restless; though I tried to run away...

Life is only so long; how much time do you have left?
Really... how much time?
The alchemy ingredients gave me a sliver of hope, but even more disappointment

Julian thought of everything, but in the end there was no clue for the Dragonbone Dust. People believe dragons no longer exist. I do not think they are lying.

Yes.
You have returned, Master Julian.

It is better to ask anyway.
Do you not know what Old Torres brat is like?

Well, well... That doesn't sound so noble does it?.

Lance, I am back.
Toth, the nephew of Old Torres, gave me a pouch of this.

Yes, when I visited yesterday, I had already mentioned it to your butler.

Hey, Julian, I heard that for all these years, the Zevi-Fournier mansion is actually managed by you. Since we've already been acquainted, there is no need to see your brother now.
Don't you think so?
You have misunderstood, Master Wilson. I only supervise the daily running of the mansion. Zevi-Fournier still belongs to the name holder. Nothing has changed in that aspect.
However... Lance would most definitely cooperate with any request of yours, Master Abel. So in his absence...
Allow me to serve you.

It is true that I have important business here
nod
I left Rome, travelling to the corners of this earth, for the sole purpose of chosing evil away fram the world of men
When I discovered the wicked Nobles, I dared not to stop in my tracks
I heard there are signs of a Noble's activities recently I suspect he is hiding in the Block Forest.
Is it true that the Block Forest lies within the land of Zevi-Fournier?
What do you wish from us, sir? The Black Forest has always been the subject of dark rumors
Therefore, nobody likes going near it.

If we ascertain the evil's presence, Henry's private force will accompany me there
I will not lead the believers to danger, there is no need for you to search deep in the forest. It is fine to just search the vicinities for clues.

It would be our honor to assist the Church.

Such tales have been passed down for generations, so they became quite common for most around here.

I no longer need to pardon Jeff's uselessness for not reporting this
I guess I'll take that as o compli-ment.
Only an outsider like Henry would care less for the forest.

No, I haven't.
Natasha, have you seen her?
She disappeared. At such a busy time as well!
Your breakfast is in the dining room, Master Julian. I need to prepare the food for the ball now.

Master Julian.
Anna's very energetic.
I NEED TO WORK NOW, YOUNG MASTER!
ALL OF YOU! BACK TO WORK!
Yes.
Aah...
Here's the guest list for the ball. Please check it over.
Sure, but after I've had breakfast.
Master Lance hasn't returned yet. Shall I send some men to look for him?
There's no need. I know where he is...

He has to attend the ball! His absence isn't right.
It's fine, Jahn. Just leave for now. He won't be attending.
Yes, master
...Nat if he doesn't want Abel to nail him to a cross.

Have you heard about the missing maid, lately?
They say the vampire did it. That's why there are gentlemen from the church here.
Master Lance hasn't appeared for a long while. Do you think he'll be at the ball?
I'm more excited about Master Julian. I hope he'll ask me to dance...
Blush

Ah, it's Master Julian!
Ladies, you all look wonderful, but I'm just passing through.
Can you dance with me?
No, dance with me!

She lost all of her blood. It was definitely a vampire.
Henry, what did you see?
There was a man cloaked in a black hood. He left this woman here, then turned into bats and flew away.

I'm not sure which one.
...So it's the vampire you've been looking for?
Julion, I need to search the premises.
Search? Why?
It's likely he's residing in this mansion...
But your suspicion will damage the Zevi-Fournier Mansion's reputation!

Finding this in your garden is reoson enaugh ta suspect yau

If you truly want to protect this mansion, I wouldn't protest a search if I were you.
Is there anything more powerful than the truth that would prove the Zevi - Fournier family's innocence?

If we find anything today, I will pretend you knew nothing of it.

To uphold the reputation of the Zevi-Fournier Family, I cannot comply with your request.

I'll start giving Lillian the medicine tomorrow, and will probably need to observe her condition for a few days.

LEAVE

We've found it, sir.

Firstly, the grave keeper said he heard strange sounds like wings, even though there were no crows or owls nearby.
Therefore, it has to be bats
Also, I've also heard a rumour that a maid of the Zevi-Fournier mansion disappeared, which occurred after the disappearance of Lance
You've done well.
I don't joke about these kind of things, you know.
SHRIC

My Calvary troop will arrive in three days. And about the Zevi-Fournier Mansion...
...you can deal with it.
Get going and prepare yourself.
Thank you, sir!

You should be busy reviving your woman, not visiting this place.

You've brought much trouble to the mansion already, so why don't you leave here if you're going to challenge the Church?
Who are you to speak to me this way?
The Zevi-Fournier mansion is my property!
As soon as you gained your place among the Nobles, you lost everything, whether it's family or kinship
Forget about being human! To me, you're a mere infant among the Nobles.

And you... you're not eligible to bargain with me.
Take a look at these eyes... and your hair, as black as night...
push

Although silver is just as beautiful.
I like black.
DON'T YOU DARE TOUCH HIM!
Leave J won't touch anyone in the Jevi-Fournier mansion anytime soon.
You will trust me.
Of course J won't, he's naturally your prey.
NO! I'LL NEVER LET HIM EXPERIENCE MY PAIN!

CLENCH

Leave. The Nobles wouldn't resort to lies.

Abel, Lance...

Both of you better not disappoint me
Soon, it will be the beginning of a wonderful story...

As long as you know it's just a rumor.
These groundless rumors must have come from the Wilson family.
It's not the first time they've tried to tarnish the Zevi-Fournier family's reputation.
He went north.
Then master Lance..?

He's seorching far same alchemy materials...
I know! shauldn't have allowed it but...
Master Lance is rather stubborn.
Yes. Send a few servants to take the female corpse to the church
And find out if anyane fram the Wilson family has been nearby.

Whether it's the Church's eery silence, or the Wilson family's rumors, spreading like the wind, both are adding oil to the fire...
Rumors are like the air, creeping through every gap and crevice.
And little by little, people began to view the Zevi-Fournier mansion differently...

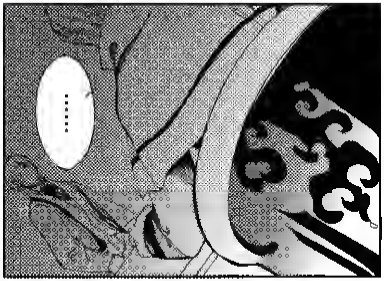
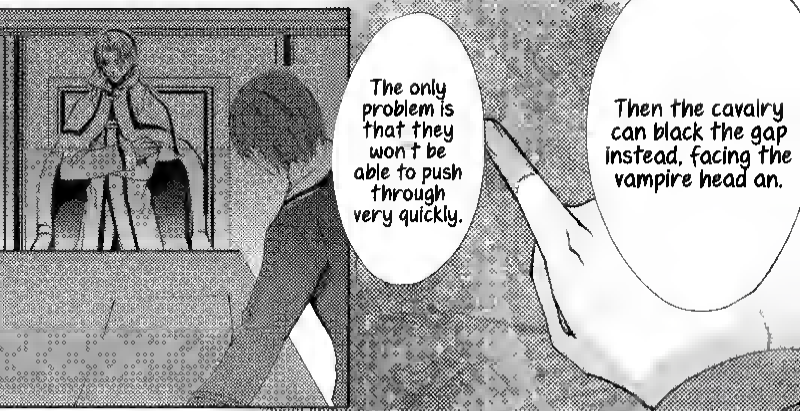
Yes.
If the Zevi-Fournier really is innocent, I won't meddle with them.
Don't worry, sir. I won't do anything irrational.
We can use the terrain to our advantage. If the cavalry can claim the high ground on the mountains, we can fire flaming arrows from there...
Here is the cemetery. 3/4 of it surrounded by mountains, and there are roughly three hundred graves here
Then I will explain for you, sir.



……

Clever plan... This kid has a knack for sinister things.

Also, the cavalry are nat accustomed ta climbing, nar are they familiar with archery.
It's a good plan... but it causes too much of a disturbance.



The only problem is that they won't be able to push through very quickly.
Then the cavalry can black the gap instead, facing the vampire head an.

Go ahead with the plan.
No matter what happens, do not let him escape.
But, sir!
The plan isn't thorough enough!
The cavalry will take my Holy Sword with them, so all they need to do is holt his minions.
